

THE PEOPLE WHO MAKE ADN POSSIBLE, A YEAR OF GRATITUDE AND IMPACT

Thank You

Dear Friends of the African Diaspora Network,

As we close 2025, I extend my deepest gratitude to each of you: our funders, board members, team, Executive Leadership Council, ASCE community, ABLE and BAF advisory committees, ecosystem partners, volunteers, champions, and diaspora around the globe. You are the reason that the African Diaspora Network (ADN) continues to grow, evolve, and be a trusted platform for connection, leadership, and impact.

This is **ADN's 15th year**, a milestone that you made possible. From the beginning, our vision has been rooted in partnership and collaboration. We sustain and strengthen our work by engaging the brilliance, generosity, and commitment of Africans across the globe and the many friends of Africa who believe in the power of inclusive, community-driven development.

Together, we have built a global movement that spans **entrepreneurship, investment, technology, healthcare, education, research, philanthropy, policy, climate resilience, and creative industries**. These diverse sectors and perspectives make ADN truly unique: a platform where leaders convene, co-create, and accelerate solutions that uplift Africa and its global diaspora.

This year, we celebrated meaningful progress across our programs and partnerships:

- » The growing **African Scientific Community Engagement (ASCE)** deepened the role of diaspora scientists in accelerating research, innovation, and health equity.
- » With your support, we launched the **African Diaspora Innovation Fund (AfDIF)**, a catalytic platform to mobilize diaspora and ally capital for African and African-descendant social entrepreneurs.
- » **The Accelerating Business Leadership and Entrepreneurship (ABLE)** program elevated Black founders and innovators.
- » **The Builders of Africa's Future (BAF)** initiative expanded its network and visibility for early-stage African entrepreneurs.
- » We developed **ground-breaking partnerships** with innovative African and U.S.-based organizations; these collaborations expand our reach, deepen our impact, and open new pathways for shared success.
- » We strengthened our internal capacity, welcoming Nicholas Basse, our new **Chief Operations and Programs Officer**. His leadership will help us build stronger systems, deepen partnerships, and strategically scale our impact.

And now, we turn to the year ahead.

In 2026, we look forward to the **11th annual African Diaspora Investment Symposium (ADIS26)**. ADIS26 will convene changemakers from across Africa, the U.S., and the global diaspora with a focus on innovation, investment, talent development, and new models of collaboration that move Africa forward. We give special thanks to Santa Clara University for hosting us.

We will also continue to strengthen AfDIF, expand ASCE, elevate diaspora-led science and innovation, deepen our entrepreneurship initiatives, and build new partnerships that advance shared prosperity.

None of this would be possible without your unwavering support.

Thank you for your trust, your partnership, and your belief in what we can achieve together. The next chapter of ADN's journey is bold and exciting, and I am honored to walk this path with all of you.

We wish you and your loved ones a joyful holiday season and a hopeful, healthy New Year.

With appreciation,

Almaz

2025 Highlights

ADIS25 – 10-YEAR ANNIVERSARY

A decade of diaspora leadership: **300+ changemakers** came together to exchange bold ideas, spark cross-sector collaboration, and shape a shared vision for the diaspora's role, Beyond Remittances, in unlocking transformational investments in Africa.

AFRICAN SCIENTIFIC COMMUNITY ENGAGEMENT PROGRAM

At ADIS25, **diaspora scientists and innovators** convened—yielding **new collaborations**, including the landmark **Bio Usawa–Yemaachi Biotech** partnership advancing African health innovation.

ENTREPRENEURSHIP ACCELERATOR PROGRAMS

ADN brought **Accelerating Business Leadership and Entrepreneurship** in-house, hosted our **most-attended Pitch Days**, achieved our **highest application rate ever**, boosted engagement across all programs, and launched our first **alumni impact survey**.

AFDIF LAUNCH WITH MYRIAD USA

We introduced the **African Diaspora Innovation Fund**—a new philanthropic fund designed to **mobilize diaspora generosity into high-impact social ventures**, fueling scalable solutions across entrepreneurship and community development.

DMV EXPANSION & POLICY ENGAGEMENT

We expanded our policy footprint through partnerships with **George Washington University, Open Society Foundations, and Humanity United**; co-hosted a **Hill Day** with Unlock Aid; and advanced advocated for transformative policy reforms to support investments in Africa.

PARTNERSHIPS & NEW INITIATIVES

We also forged catalytic partnerships with **NIDCOM, Opella, and Africa Practice**, launching the **Intra-Africa Diaspora Mapping Study** and driving coordinated diaspora action at scale.

Thank You
